

The Village of Round Lake Beach

Severe Weather Warning

The weather service is predicting extreme temperatures through July 21, 2019. With these extreme temperatures, and with the real feel temperatures exceeding triple digits, there is an increased danger to all, but especially to the elderly, children, and those with respiratory issues. Remember that during these times, the temperature inside a vehicle raises to a dangerous level in minutes. Please make sure you do not leave children or pets in the vehicle for any amount of time.

If you, or someone you know, needs to find a cooling center please check using the following link.

Make sure you call first to ensure the location is open as the village can't guarantee each location is currently open.
