Osmond, Cole to Host Town Hall Meeting

Lake Villa --- Maintaining a commitment to engage local families with their government, State Rep. JoAnn Osmond (R-Antioch) and State Rep. Sandy Cole (R-Grayslake) will be sponsoring a Town Hall meeting for members of the community to discuss issues relating to the state budget; including education funding, local transportation, public safety, and quality of life issues.

The Town Hall meeting will be held at Lakes Community High School in Lake Villa on Monday, March 31st at 6:30pm. The forum is open to the public and residents of all local communities are welcome and invited to attend.

“With record high gas prices, the nationwide housing crisis, and the increasing tax burden on Illinois families, there are many issues weighing heavily on the minds of local residents,” Representative Osmond said. “Our town hall meeting will give local families an opportunity to express their concerns and give us a chance to discuss what is going on in Springfield to meet some of these challenges.”

“Town Hall meetings are an excellent way for local residents to interact directly with their elected officials to discuss the issues and challenges facing all of our families,” Representative Cole said. “I hope that people take advantage of this great opportunity to join us in talking about education, transportation, senior issues, and quality of life concerns like preserving open space and protecting our water supply,” Cole added.

Town Hall Meeting

Lakes Community High School Auditorium
1600 Eagle Way ♦ Lake Villa, IL 60046
Monday, March 31, 2008
6:30pm

For questions or more information, please call Representative Osmond’s District Office at (847) 838-6200 or Representative Cole’s District Office at (847) 543-0062.
